Buffalo Environmental History Boat Trip

Join WNY Sustainable Business Roundtable (WNYSBR), Erie County Department of Environment and Planning and Buffalo Niagara Waterkeeper for this Environmental History Boat Tour on **Wednesday, July 10** from 4-6pm on the Buffalo River. The River Queen will take us on a tour on the river that caught fire in 1968 and was labeled

The Greater Buffalo Niagara Regional Transportation Council (GBNRTC) is looking for [Our Driverless Futures](#) **Saturday, August 3, 9:30am-5pm** at the University at campus). **Participants are provided a \$100 stipend**, as well as breakfast, lunch and snacks. More information and registration can be found [HERE](#). Those without internet access can call (716) 856-2026 ext. 315 to register. about driverless vehicles, and for people to learn about this new technology. We are looking for a variety of backgrounds and viewpoints representing the diversity of our community. You must be at least 18 years old to attend.

Insectival

Come to Tiff Nature Preserve for Insectival, their ninth annual bug-tastic festival of insects and their crawly cousins, on **August 4** from 12 to 4pm! Meet live insects up-close, venture outside for an insect safari, make-and-take buggy crafts, explore educ insect-errific day for everyone! Entries are timed at 12 p.m. and 2 p.m. Open to all ages, cost is \$7 per person (BMS Members save 10%). Rain or shine. [Purchase Tickets](#)

Master Food Preserver Training

Cornell Cooperative Extension of Niagara County is offering a three-day training on **August 13-15** from 8:30am to 4:30pm each day. Anyone looking to learn safe food preservation techniques or strengthen their existing knowledge should take advantage of this 3-day training opportunity. Home food preservation experts will guide participants through all food preservation methods recommended by the US Department of Agriculture (USDA). No prior knowledge of food preservation is needed. The training includes the scientific basis of food preservation, experience in hot water bath and pressure canning, gelled products and pickling, freezing and drying, and more. This three-day workshop will be offered in the new WNY Food Incubator kitchen at CCE Niagara County. Pre- and post- testing as well as evening study are necessary. Program graduates earn a certificate of participation. Cost is \$375.00 per person and includes instruction, a 265-page handbook, and lunch each day. Attendees also receive food samples prepared during the workshop. Course will be taught at 4487 Lake Avenue, Lockport, NY 14094. For more info or to register, call/email Amanda Henning at 716-433-8839 or app27@cornell.edu.

Erie County Household Hazardous Waste Dropoffs

If you have old oil-based paint, fertilizer or pesticides lying around in your basement, garage or shed, 2019 is your lucky year. Erie County Department of Environment and Planning will hold household hazardous waste collection events on: **Aug. 10 at ECC South Campus**; Sept. 14 in Concord; and Oct. 5 in Buffalo. **Residents will have to preregister online or by phone to participate.** [Registration](#) opens 30 days before event. Specific locations of the drop-offs will be provided at preregistration. For more info, visit erie.gov/recycling or call 716-858-6800.

Botanical Gardens Docent Training

The Buffalo and Erie County Botanical Gardens will host [docent training](#) from 9 a.m. to 1 p.m. Aug. 8, 15, 22, 29, Sept. 5 and 12 at the Botanical Gardens, 2655 South Park Ave., Buffalo. Docents lead tours, teach hands-on programs and help with many educational events at the gardens. An education background is not required, but a high level of interest and enthusiasm is. Those trained as a docent who refresher are welcome to attend. For info call 827-1584 ext. 730 or email education@buffalogardens.com.

Buffalo Residential Food Scrap Drop-Off Program

City residents can drop their food scraps for free at one of five locations. Collections will take place on Sundays 9am-1pm at Cazenovia Park Casino, Wednesdays 4-6pm at Massachusetts Avenue farmstand at 387 Massachusetts Ave., Thursdays 4-7pm at North Buffalo Farmers Market at 780 Parkside, Fridays 9-11am at the Broadway Market, and Tuesdays 10am-noon at Downtown Farmers Market on Main St. between Court and Church. For more info, visit www.buffalorecycles.org.

Pick Up Your Copy of the Water Trail Guidebook and Map Set

The new NYS Canalway Water Trail Guidebook and set of four water and tear resistant maps is an indispensable resource for paddlers to experience the waterway. The mile-by-mile guide includes launch sites, paddler-friendly facilities and amenities, and places of interest for over 450 miles of the NYS Canal System, including the Erie, Cayuga-Seneca, Oswego, and Champlain canals. Visit our website to download or order a copy.

NYSERDA Green Jobs Green New York Energy Studies

Small businesses and not-for-profit organizations are eligible for an energy study that identifies and analyzes opportunities to make their buildings more efficient. The energy study includes: A comprehensive walk through of the facility; site staff interviews; utility bill analysis; fuel-neutral, unbiased evaluation of potential low-cost/no-cost and capital improvement energy efficiency upgrades; and a report that outlines potential energy and cost savings opportunities for your facility. Once the study is complete, you receive assistance in identifying potential utility incentives and low-cost financing options to help take the next steps toward implementing energy saving projects. There is a cost-share for the energy study, which is based on the number of full time equivalent employees. For more information call Michelle Wooddell at 1-888-338-0089; email info@NYEnergyStudy.com; or visit <https://www.nyscrda.ny.gov/All-Programs/Programs/Small-Commercial-Energy-Assessments>.

Celebration of von Humboldt

In the upcoming months the City of Buffalo and surrounding communities will be celebrating the 250th anniversary of a man of science: Alexander von Humboldt. Visit <https://geography.buffalostate.edu/humboldt-celebration> for an updated list of activities.

Fundraise for WWF with a Paddle Board Event

Join with nature lovers all over the country by standup paddle boarding on your favorite body of water at [WWF's Panda Paddle Virtual Event](#) on **August 24, 2019**. Paddle board in your own community and connect with others all over the country by using the hashtag #PandaPaddle on your favorite social media sites. **All registered participants will receive a Panda Paddle medal and are eligible for additional incentive items for their fundraising efforts.**

Corona Reduces Plastic-Invites Others to Use their Design

Check out the video at <https://vimeo.com/336137535> (corona fit packs). To create Fit Pack, Corona modified the production line of Corona Extra cans so that they could be stacked one on top of the other. By doing this, they will be removing plastic, cardboard, glue and any other waste that could damage the environment from packaging. They challenged the production and manufacture of aluminum cans from the brewing industry in the modern era to be able to create these cans. Now, the sale of Corona Extra will not be compromised by a package, because the consumer will be able to decide and put together his Corona is not only helping our planet by reducing pollution, they are also generating new behaviors to boost environmental aid and generating changes in the line of thought to look for new ways to help within the industry. An idea that is not only for Corona, is for everyone, to help the planet.

Plastics Made from Cactus

Mexican scientists have created a biodegradable plastic from cactus leaves and other natural materials. The cactus juice becomes a biodegradable plastic. Around nineteen billion pounds of plastic ends up in the ocean each year, and as plastic breaks down there and in landfills, it makes its way into the food system; people now eat an annual diet of more than 50,000 pieces of microplastic. Researchers say that the cactus-based material biodegrades quickly and is -based plastic is carbon neutral as it breaks down the carbon dioxide it emits equals the carbon dioxide it took in as a plant as it grew. [info](#)

The U.S. Environmental Protection Agency (EPA) is establishing the [Green Interns Program](#) to cultivate a collection of the best, qualified candidates to fulfill mission critical occupations nationwide. Starting September 30, 2019, the program will provide recent graduates with an opportunity to serve their country through a career in the federal government while gaining valuable work experience and knowledge of environmental issues. Green Interns Program

Mapping the Course of Climate Change

A new mapping application helps visualize projected climate change by comparing the projected climate of a city with the current climate in alternate locations, helping people to develop an understanding about global warming and its effects. Learn more about the map [here](#) and access the application at <https://fitzlab.shinyapps.io/cityapp/>.

New Resources Available to Reduce Hazardous Waste & Save Money

DEC has developed a resource guide for hazardous waste generators to reduce waste and save money. Resources include archived webinars presented by the New York State Pollution Prevention Institute (NYSP2I) on topics such as How Your Facility Can Reduce Hazardous Waste and Save Money and Best Practices for Sustainable Manufacturing.

<http://www.dec.ny.gov/chemical/110901.html>

Can Air Conditioning Help Stop Climate Change Instead of Causing It?

According to a new paper in *Nature Communications*, using technology currently in development, AC units in buildings could get turned into machines that not only capture CO₂, but transform it into a fuel for powering vehicles that are difficult to electrify, like cargo ships. Air conditioners not only use electricity, but that they emit heat as well creating urban heat islands in cities. The proposed technology would incorporate a filter that would absorb CO₂ and water from the air, an electrolyzer to strip the oxygen molecule from water to get hydrogen get hydrocarbon fuels. To be carbon neutral, the air conditioners would need to be powered with renewables, but this may allow us to be cooler and generate some fuel.

Encouraging Customers to Bring their Bags: Try Embarrassment

Some retailers have new techniques to encourage people to remember their bags. Only problem-the bags were meant to embarrass and have become popular. Check them out at [funnybags](#).

Save and Share Seeds for Conservation

When you save, grow, and share rare seeds you are helping to build a more secure food future. Visit <https://www.globalseednetwork.org/> to learn to successfully collect, save, and store seeds. You can preserve plant diversity and protect our public food system from corporate consolidation by saving, posting, and sharing seeds with a global community of farmers and gardeners

[E-STEM activity with Bird Nests](#)-summary of an activity learning about bird nests and building them with different materials.

[Water Scarcity and Perseverance: A Humanities Module](#) co-produced with Lowell School! It is geared for students in grade 6-8.

[The Blossoms, the Birds and the Bees: a pollination investigation for Pre-K - Grade 2](#)-This playful lesson plan includes three hands-pollinators, and spark their interest in these important living things. Students will play a matching game to discover why hummingbirds, bees, and use their senses to explore diversity in nature. This lesson plan is made to be adapted, and includes suggestions for extensions and additions to fit the needs of every classroom.

[Animals and Plants Can Live in a City](#) for Grades K-2. Students learn that animals need air, food, water, and shelter, while plants need air, sunlight, and water. Students watch videos and engage with drawing and sorting activities to reinforce their learning.

[How Disruptions Affect Animal Populations](#) for Grades 6-9. Students explore the effects that ecosystem disruptions can have on animal populations and the impacts that a shift in the population of one animal can have on others in an ecosystem.

[_____](#) for Grades 9-12. Students watch videos adapted from NOVA: Treasures of the Earth: Power and analyze data provided in graphs and maps concerning the availability, cost, reliability, and environmental impact of different energy sources.

[The Frogs of Panama](#)

[Niagara Falls National Heritage Area](#) supports important projects and programs throughout the National Heritage Area with the long- term goal of realizing community betterment. Grants are targeted to fund projects or programs that directly relate to the [Niagara Falls National Heritage Area Management Plan](#).

[Service Collaborative of Western New York Vista Positions/Americorps](#)-Opportunities for paid community involvement. Check out the available opportunities and eligibility. Some positions are summer only, so apply now.

[ASHA Animal Sanctuary Internships](#)- Seeking individuals for administrative, development, visitor programs and animal care positions.

[Buffalo & Erie County Botanical Gardens Internships](#)-Seeking individuals to work with Education Dept., Special Events, and Horticulture.

[Summer 4-H Intern](#) will work as part of the 4-H Youth Development team at Cornell Cooperative Extension of Niagara County. She/he will serve as a counselor for the 4-H Summer Day Camp and will have the opportunity to assist with planning and delivering interactive educational programming with an emphasis on STEM (Science, Technology, Engineering, and Math). The intern will also assist with preparing 4-H activities/displays for and working at the Niagara County Fair, the largest public event in our county.

[EquiStar Intern](#) will assist both the Program Coordinator and Barn Manager in providing a therapeutic riding program during the summer sessions. She/he will have the opportunity to assist with planning and delivering the therapeutic riding programming along with learning the day-to-day responsibilities of operating a stable and caring for horses.

Citizen Science

[EPA Citizen Science Database](#)-offers a searchable site for ways the public and EPA can partner to collect environmental information.

[Tree Pictures for NASA Data Verification](#)-

ICESat-2 satellite estimates the height of trees from space, and NASA has created a new tool for citizen scientists that can help check those measurements from the ground. All it takes is a smartphone, the app, an optional tape measure, and a tree.

[WAVE](#) -Collect stream data for the NYS DEC from July to September.

Tuesday Stress Reliver Paddle-6 to 8:30pm. Come join the guides and instructors of PPP every Tuesday evening for a paddle for either relaxation, stress relief or just plain FUN. We meet at the store (1000 Ellicott

Kayaking with Tina-[info, Beaver Island Nature Center](#)

Tina and Kelly, ACA certified kayak instructors, for more than just the basics. A kayak, paddle and life jacket will be provided for the class. Weather permitting. Space is limited, sign up early. For information and registration call (716) 282-5154. 6:30 p.m. 8:30 p.m. *Registration: Required*

Thursday Evening Stress Reducer Paddle-6:30 to 9pm. Come join the Paths, Peaks & Paddles guides and instructors for our Thursday evening STRESS reducer paddle for relaxation, stress relief or just plain FUN. It beats sitting in front of the tube and definitely beats yard work. We meet out in Wilson at the Wilson Tuscarora State Park (Route 18 East of Niagara Falls) at 6:30pm in the back parking lot. We will either take a paddling trip on either the East or West Branch of Twelve Mile Creek. To top off the evening we paddle out to Lake Ontario and watch a spectacular sunset over Toronto 38 Miles away across the lake. The vibrant colors across the sky and mirrored on the lake is breathtaking. Here you can really appreciate Mother Nature and the beauty she shares with us. All are welcome if you have your own boat (canoe or kayak) there is no charge. If you need to rent one, the cost is only \$30.00 per boat solo or \$40.00 tandem delivered out to Wilson for you, includes paddle(s) and PFD(s). We will bring the rented boat out to you! RESERVATIONS ARE A MUST IF YOU ARE RENTING CALL: 716-213-0350. Or [contact us](#).

Friday, July 26

Fryday Fishing- Seneca Bluffs Natural Habitat Park | Near the Seneca Street Bridge, between Elk Street and Avon Place, Buffalo, NY | 6 pm. Kids (4-14 years old) can join an Erie County Park Ranger on Friday evenings to learn the basics of fishing. In addition to fishing, participants can learn about fish identification, fishing equipment and techniques, knot tying, angling ethics, and aquatic ecology. Fishing poles will be provided but this program is limited to 15 kids, due to equipment limitations. Parents must stay on site and supervise their children. Parents do not need a fishing license for this program. [Pre-registration](#)

A Dose of Nature: Beach Walk-6:30 PM - 08:00 PM at [Beaver Island Nature Center](#). Escape the stresses of life, increase physical activity, and energy level, improve mood and reconnect with nature. In the last month, how often have you skipped stones, smelled a flower, watched a sunset? Join us on a beach walk along the shore of the Niagara River, watch the sun start to set and skip a rock or two. For information and registration call (716) 282-5154. *Registration: Required*

Saturday, July 27

Thursday Evening Stress Reducer Paddle-6:30 to 9pm. Come join the Paths, Peaks & Paddles guides and instructors for our Thursday evening STRESS reducer paddle for relaxation, stress relief or just plain FUN. It beats sitting in front of the tube and definitely beats yard work. We meet out in Wilson at the Wilson Tuscarora State Park (Route 18 East of Niagara Falls) at 6:30pm in the back parking lot. We will either take a paddling trip on either the East or West Branch of Twelve Mile Creek. To top off the evening we paddle out to Lake Ontario and watch a spectacular sunset over Toronto 38 Miles away across the lake. The vibrant colors across the sky and mirrored on the lake is breathtaking. Here you can really appreciate Mother Nature and the beauty she shares with us. All are welcome if you have your own boat (canoe or kayak) there is no charge. If you need to rent one, the cost is only \$30.00 per boat solo or \$40.00 tandem delivered out to Wilson for you, includes paddle(s) and PFD(s). We will bring the rented boat out to you! RESERVATIONS ARE A MUST IF YOU ARE RENTING CALL: 716-213-0350. Or [contact us.](#)

Friday, August 2
